WHY THE COPTIC MISSION WAS INTERESTED TO BE INVOLVED WITH VULNERABLE CHILDREN AND WOMAN?

Practical Recommendations

- **Establish an Action Oriented Approach:** Show your commitment to actively serve the needs our people face without delay as part of your mission, not based on your ability to execute large activities:
 - Coptic has always been active in addressing community issues. We commit our efforts and resources to make a change, even if it starts small

His master replied, 'Well done, good and faithful servant! You have been faithful with a few things; I will put you in charge of many things. Come and share your master's happiness!'

Matthew 25:23

Thank You

**We are thankful to the Lord who brought us this far...
We are praying and we know that by His hand
we will continue to
*Hope for a brighter tomorrow!***
